Vaso piccolo

Wide range of control panels
Ampia scelta di comandi

Improved 2nd Generation System
La seconda generazione: un passo avanti

TECMA flexi line 2G 50-100 ft

Elegance 2G

As With the Silence Plus 2G, the Elegance 2G offers the same smooth design and smart 2nd Generation System Improvements. It just differs in size. The Elegance 2G and its models are the 'small bowl' size model of the Flexi line, which is all about maximizing the comfort within reduced space. The length of 43 cm / **16.9 inches** creates the -at-home seat feeling. To create an even more domestic comfort level, the Bidet Elegance 2G complements your bathroom as elegant couple.

The Elegance 2G Short is designed to be installed on a raising step, usually 10 cm / **3.9 inches** high. For this purpose, the height of the ceramic shell is reduced to 36 cm / **14.2 inches** to compensate and match the standard seating height of 46 cm / **18.1 inches**.

Elegance 2G

Come per il Silence Plus 2G, l'Elegance 2G offre lo stesso design raffinato e gli stessi miglioramenti del 2nd Generation System. Cambia solamente la grandezza. Nella Flexi Line, L'Elegance 2G è il modello di taglia più piccola: 43 cm / **16.9 pollici** di lunghezza che offrono una replica perfetta del comfort domestico in uno spazio ridottissimo. Per creare un'atmosfera domestica ancora migliore, basta abbinare la toilette al modello di bidet Elegance 2G, così da creare un'unione elegante e confortevole.

La versione short è stata progettata per installazioni che prevedono un gradino di rialzo di 10cm / **3.9 pollici**, in questo caso, l'altezza della ceramica è di 36cm / **14.2 pollici**, in modo da avere una seduta che sia di 46cm / **18.1 pollici** dal paiolato, come da standard.
